MEDICINE FITNESS WELLNESS

Growth

The revolution of Hydrojet
**IN MEDICINE &
WELLNESS**

Variable nozzles, intuitive control, modern design, best price on the market.

HYDRO- THERAPY IN ITS STRONG- EST FORM.

For **more than 20 years**, we have put our drive for **innovation and our expertise** into the **VELUSJET®** – adapting it to **new branches and new visions**. Here your **benefit**: Actually, you are buying 3 **VELUSJETS®**.
The core product is the **water jet massage bed** itself. **Three variants** emerge from it, which you can choose and **change flexibly** – just as you **need it now**.

**BOOST FOR YOUR
BUSINESS –
WITH THE WATER
JET MASSAGE.**

We are developing the **most effective** waterjet massage bed **on the market** - and we are constantly improving it.
Because of two reasons:

1.

Physical complaints as well as stress are noticeably **alleviated** – **the effect** is proven.
Our customers and clients **benefit** from the **VELUSJET®** in the **long term**.

2.

Our **know-how** gets **the best** out of the Hydrojet: thanks to **innovative software** and high quality level.

YOUR NEW **MOST RELIABLE** EMPLOYEE.

What advantages does
your branch have:

Because **every branch** brings different **challenges**, the product grows with your **requirements** – because **we find the solutions** that make your **everyday life easier**.

From **muscle relaxation** to pain relief, the **VELUSJET®** achieves noticeable results.

Sport and health are closely interrelated. The **VELUSJET®** supports the regeneration process.

Water jet massages score with a vitalizing effect and stress reduction.

PHYSIOTHERAPISTS & ORTHOPEDISTS

HOTELS HOTELS & SPAS

HOTELS

How wellness
becomes growth.

HOTELS & SPAS

With the **VELUSJET®** your guests get more than just a massage. Pure relaxation **for all senses**:

Atmospheric lighting, soft music or a fragrance to breathe deeply: Thanks to **two interfaces**, you can connect other devices to the **VELUSJET®** and **automatically create seductive luxury**. When the massage begins, for example, the light dims or a gentle sound of the sea accompanies the **relaxation experience**.

Plus:
Support
with
marketing

We recommend: the **VELUSJET®** Advanced

A wider range of **offers** and higher **customer satisfaction**: Offer your guests **unique wellness experiences** and stand out from the **competition**.

No spa or relaxation area?

- + Space-saving offer
- + Chance to include wellness in your offer despite limited space

Unsatisfied customers?

- + Extra attention for guests
- + Improve your offer
- + Seamless integration into your customer loyalty programs

No increase in turnover?

- + Customer acquisition also from your area
- + Regularly returning guests

More comfort for your guests

Less work

Full access control

GYMS

Relaxation
is power.

GYMS

Round off the **personal routine** with the appropriate regeneration measure:

This offer **becomes your USP** that sets you apart from others. Further benefits for you? The **high customer frequency** that the **VELUSJET®** allows or the simple **connection** to common **payment systems**, for example.

Amortization after a few months possible

We recommend: the **VELUSJET® Advanced**

Muscle relaxation, improvement of well-being and wellness: **an ideal complement** for a **holistic fitness experience** and better **recovery after workout**.

Dropping number of registrations?

- + Strong sales offer for new and existing customers
- + Extraordinary expansion of your offers without additional personnel costs

Many members who take their training holistically seriously?

- + Supports supercompensation
- + Promotion of the workout routine
- + Prevention of sports injuries

100 **No competitive edge?**

- + Offer that sets you apart from other gyms
- + Unique selling position even in a difficult market

Happy hour times

Adjustable for workout

24/7 permanent use

HEALTHY MANAGEMENT IN YOUR COMPANY

Targeted unleashing
of performance.

Increases the performance. Custom. Holistic.

HEALTH MANAGEMENT IN YOUR COMPANY

Healthy employees, healthy company –
VELUSJET® as the ideal complement for your
company to increase well-being and productivity:

Those who take care of **their employees' health** also benefit from them for longer. If, on top of that, you give them time off from their **everyday working lives**, you win them over. The **VELUSJET®** is the **ideal addition** to any company. **Plus:** You can set operating hours or a specific employee quota **at any time.**

Deductible
as operation
costs

We recommend: the **VELUSJET®** Advanced

Increase the **well-being** and **performance** of
your employees, **promoting a healthy
work environment.**

No good benefits?

- + Employee recruitment and retention tool
- + Increased performance of your workforce

Employees with physical complaints?

- + Targeted and long-term pain relief
- + Short-term treatments without medical
assistance or loss of working time

Motivation problem within the team?

- + Sign of employee appreciation
- + Reduction of stress and staff absences
- + Promotion of mental health

Reduced sickness rate

Increased employee satisfaction

Tax benefits

FUNCTIONS WITH BRILLIANT OPPORTUNITIES.

What possibilities the water jet massage bed really offers you?

HERE A SHORT OVERVIEW:

Thematic massages

Each device is usable with pre-configured massage sequences that focus on specific body regions, modes of action or occasions.

Real-time control

Depending on the model, the massage sequences can be adjusted and controlled live.

Asynchronous use

The pressure and the movements of the two nozzles can be adjusted and controlled asynchronously.

Individual sequences

You can also create your own motion sequences that are designed to meet the specific needs of the user.

Trigger points

To target particularly tense or painful areas, the water jet can be directed precisely at them.

PERSPECTIVES OF INDIVIDUALIZATION.

Especially because of the **associated software**, the **VELUSJET®** is much **more interesting** for therapists and medical professionals **than other** hydrojets on the market:

Because the software allows the precise and methodical treatment of tension and pain.

In the **wellness sector**, the software is also unbeatable: With it, you have **full control** over the use of the device.

Use of quotas

If a **patient** is to receive a **massage** of exactly **20 minutes** or if customers are allowed to use the device a maximum of **5 times**, this can be set up with the software and used with **NFC cards**.

Limited access

Authorizations can be **flexibly** created or revoked with a **key card** or connection to existing **access systems**.

Self-defined massages

You can treat body width, length and locations with **any pressure** and with desired **movement pattern** - and **save** the settings in the **software** and/or on a **card**.

Operating hours and discount promotions

For example, if **necessary**, you can operate the hydrojet only from **8 am to 8 pm**. An option that **additionally** contributes to the **energy efficiency**. Or you specify that massages are in the **morning** for the same **price twice** as long.

THE FINAL LINE UNDER YOUR PAIN POINTS.

Too much stress in the daily work routine?

Double staff, reduce effort?
The **VELUSJET®** becomes your **most efficient employee**:

- + Simultaneous treatment of patients
- + Minimal supervision effort
- + Easy and intuitive operation

No unique market offer compared to the competition?

Competitors are poaching your customers, but you're unsure how to **stand out**?

- + Convincing USP with wow-factor
- + Competitive advantage in the medical as well as wellness sector
- + Stand out without extra effort

Is customer loyalty hard in your branch?

Does **satisfying patients in your clinic** seem impossible? In the gym, is **customer contact** rather impersonal?

- + Customers book out of curiosity
- + Customers stay because they are satisfied
- + Effective in any related branch

VARIANTS OF PURE EFFICIENCY.

Each option is profitable. But depending on your needs, we can respond to you individually:

Do you need...

The NFC cards?

- + Sales stimulating card display
- + Little explanation required & quick selection
- + Massages interchangeable according to season, occasions, etc.

The voice output?

- + No further tools are necessary
- + Can be operated with closed eyes
- + Self-explanatory

The touch panel?

- + Active intervention in massage sequences
- + Comprehensive massage libraries
- + Optimal additional offer also for therapists

BECAUSE THE CALCULATION WORKS.

How quick the investment will pay off for you? If your customers use the hydrojet only 2 hours per day, this is how it works with average pricing:

YOUR MODEL. YOUR DECISION.

If you are wondering which model is right for you:
What do you plan to do with it?

“I want to keep it extra simple.”

“What a question: I want to make a profit.”

“I want to have even greater success by treating physical ailments.”

VELUSJET®

- + Themed massages
- + 2-pump technology
- + Control unit with dial

- + Track massage position in real time
- + Individual massages

Investment with vision:

The VELUSJET® models are **modular**. An **upgrade** can be performed at **any time** and **additional functions** can be **added** without limitation.

STARTING OUT ON A SECURE BASIS.

Why the **VELUSJET®** and not any other hydrojet?
Because our expertise - from software development to in-house production - brings out **the best** in the hydrojet concept. **Among other things, these special features set us apart from the rest of the market:**

Smart Cooling

The device **protects itself** from overheating: **energy-saving** and without further **water supply**.

Robust materials

Where others **use plastic**, we focus on **quality** and **durability**.

7.4 bar pumps (2 pieces)

More powerful than other **systems on the market**, our hydrojet works with a pleasant and, above all, **effective pressure**.

2 separately controlled jets

The **VELUSJET®** is the only hydrojet with separate **pressure and motion control** for the left and right sides of the body.

Free positioning

Because the **VELUSJET®** design looks attractive from all sides and the connections are **always accessible**, the **layout of your room** does not matter.

LAN connection

Thanks to **Internet connection**, we can check **the device** for you **remotely** at any time for service purposes.

INSIGHTS INTO YOUR FUTURE SUCCESS.

All the benefits you read about in this brochure are based **on proven facts**, experience and success stories.

For example, our customers say the following:

„The VelusJet® is definitely different from the devices I knew before.“

At Picard doctor's office, the bed is used to treat pain, tension and discomfort. The result:

- + Visible therapeutic successes accompanying drug therapy
- + In use three to six times a day
- + Repeatedly booked by patients

„The combination of wellness and training just fits into the concept.“

Sportsclub4 is happy to have a much more pleasant atmosphere in the gym. Because guests no longer just complete their work out quickly, but linger and relax:

- + Guests use the massage for back pain, headaches and tension after work out
- + In use five to ten times a day
- + Users consistently report a lasting, positive effect

„We have no work with it at all. The VelusJet is uniquely easy to operate.“

The Parkhotel Bielefeld Milser Krug has invested in the **VELUSJET®** following recommendations from its employees. A good decision, as it turns out:

- + Extension of benefits for guests of the hotel
- + Smooth integration of the bed into the daily routine
- + More freedom in capacity & scheduling

„The advantage is: We can effectively tailor everything to the patient.“

Physiotherapy Wiesenhof is specialised in sports physiotherapy. Here, patients use the **VELUSJET®** following treatment:

- + Holistic concept for the healing of sports injuries
- + Customized treatment measures through 2-pump technology
- + The customers and the employees show great interest in the new possibilities
