Affinity

ABOUT US

WHY AFFINITY

The Affinity brand is proudly owned by Certikin International Ltd, who in 2013 celebrated 50 years in manufacturing, and distributed through a network of UK and International distributors who are carefully selected for their expertise and professionalism.

As a leading UK brand, we pride ourselves on the research and development into materials, design and technology that has created the superb range of Affinity therapy couches that you see today. With couches suitable for a myriad of treatments and all budgets, we are sure there will be an Affinity couch for you.

With quality and reliability at the forefront of our thinking you can rest assured that every product is crafted to the highest of British standards and is covered by CE approval and carries a 2 year warranty.

No matter what your requirements our range will exceed all your expectations.

Quality without compromise

All Affinity couches continue to evolve from our understanding of what you as a therapist want and, more importantly, what you expect from a leading manufacturer. We are immensely proud of our reputation for quality, reliability, innovation and unquestionable value.

With comfort and well-being of client/patient our prime consideration, our ergonomic designs are engineered to ensure your own comfort too, with many innovative ideas for close work and posture support. We know that a comfortable therapist will always give a better treatment.

When you buy Affinity you buy with confidence.

CERTIKIN

AFFINITY SPA RANGE

Trust us to exceed your expectations.

Our Affinity couches will make therapists want to treat all day and ensure your clients come back for more. A bold statement but Affinity couches have evolved from our deep understanding of both therapists' and clients' needs.

The exceptional quality and comfort levels will take the treatment experience to new heights.

Affinity Marlin

Strong • Light • Sleek

At just under 15kg the 25" Affinity Marlin is a truly portable couch. With its rapid set up and easy, one-touch height control, the Affinity Marlin has been designed to be used and taken to the next appointment with the minimum of strain and difficulty for the therapist.

Featuring a sports grade Therafoam padding, rounded corners and reiki style end panels, this slimline couch is a firm favourite with our sports and medical and beauty customers.

What our customers say

66 I have used the Marlin for over 6 months service and am very pleased with the course value for money. I would definitely recommend this couch to others.

Affinity Versalite

Affinity Versalite sets the standard in the lightweight category and our 25" model is currently the lightest

wooden mattress, aluminium framed couch on the market. Although incredibly light, none of the regular Affinity features have been compromised, making Affinity Versalite the perfect portable partner.

What our customers say

66 We teach at a number of venues and have to regularly transport 10 couches at a time. This Affinity couch's low weight has massively improved both our set up time and the strain on our backs. Although light, it is still very much an Affinity and the quality is clear to see.

Affinity 8

Ergonomic • Robust • Lightweight

The Affinity 8 is a premium massage couch with an hourglass shape allowing superior comfort for the client and unrivalled access to the lumbar area for the therapist.

Lightweight and strong, the Affinity 8 is ideal for a range of treatments such as sports massage, deep tissue and osteopathy. The ergonomic shape, reiki end panels and lightweight design mean easier transportation and superior body positioning for the therapist thereby protecting their health and income.

What our customers say

We purchased this for acupuncture and sports massage treatments. We were impressed with the quality and it was heaven to lie on. The couch is perfect and surprisingly light to fold away and transport which is a huge plus as we regularly fly with them.

Affinity Puma

Affinity Puma sets the standard in style, portability, adjustment and client comfort. The generously proportioned sculpted cushions, Affinity Therafoam comfort padding and user friendly levels of adjustability

make the Puma a firm favourite with therapists and clients alike.

What our customers say

66 My Puma has been hopping on and off the underground with me now for 5 years. I love the strap that holds the collapsed chair together and the size of the seat, knee and chest pads. Comfy for me to carry and for my clients to sit on.

Affinity

Affinity Sports / Beauty Pro

Comfort • Robust • Versatile

Suitable for a whole range of treatments including: sports massage, osteopathy, physiotherapy, reflexology and beauty treatments, the Affinity Sports Pro is an absolute power house. The sturdy power-lift base and locking wheels ensure stability, whilst the foot pedal height adjustment, breathe hole, face cradle and arm rest and manual back and knee lifts leave you in complete control of client positioning.

Designed predominantly with the sports/physio market in mind, this beautiful, robust, feature packed electric massage couch is a real 'must have' for your clinic/treatment centre.

What our customers say I am so pleased with the couch, it is very comfortable. It was ready to use immediately, I just needed to plug it in. The couch is used by an osteopath and a beauty therapist, and it works well for both of them.

Affinity Diva Prima

Luxury • Iconic • Ergonomic

Found in home treatment rooms and hospices through to luxury spas, hotels and therapy centres across the world, this beautiful couch really does have to be seen and tried to be appreciated. The sumptuous Affinity Therafoam padding, soft touch PU upholstery, bolsters, head rests and removable side arm rests make the client feel incredibly comfortable, safe and secure and the quiet European motors ensure a peaceful experience.

Offering incredible levels of height adjustment, Affinity Diva Prima can go almost to floor level which makes it very popular for treating those with mobility impairments or in chronic pain. As well as this, the 3 actuators can be controlled via a handset meaning you, or indeed your client, can be totally in control of positioning at all times.

What our customers say **66** With such height ranges, silent, to the ground and is brilliant for some of our less able bodied clients.
