## WITH A PASSION FOR STEAM

The heat, the water, the silence and the solitude, steam bath is the perfect way to relax and let the stressful demands of everyday life fade away. The steam room is our new place for free time, for reflection and for well-being.

The steam gives a softer bath form where the heat is at 40–45 degrees. Research now shows that steam can provide many health benefits. The body's joints are softened, it expels toxins from the body, provides better sleep, cleanses and softens the skin. Relieves stress and anxiety. Helps blood circulation and the immune system. The list of health benefits for both body and soul can be made long. So the best advice we can give you is to schedule your steam sessions to be an integral and natural part of your everyday routine.

## STEAM BATHS ARE GREAT FOR REDUCING STRESS

The heat, the silence, and the solitude will help you relax. The heat from the steam bath causes the body to release endorphins and other 'feel good' chemicals that counteract the harmful hormones caused by stress. Consistency is a key to get relaxed and feel in balance.

## Z STEAM BATHS CAN HELP YOU SLEEP

By raising your body temperature in the steam bath just before it is time to go to bed, your heated body will automatically work to readjust its temperature afterward and that will lull you off to sleep, leaving you calm and relaxed enough to sleep soundly through the night.

## STEAM BATHS CAN PROTECT AGAINST COMMON COLDS

Heat has a positive effect on our immune system, and regular heat exposure can significantly reduce the risk of catching common colds and the flu. As the heat boosts the blood circulation and stimulates the production of white blood cells, this helps to protect our bodies against viral and bacterial attacks.

#### STEAM CAN WORK MIRACLES ON YOUR SKIN

Regular steam baths can have a transformative effect on your complexion. The heat, the sweating, and the increased circulation stimulates the production of collagen, and deeply cleanse and rejuvenate your skin. Fifteen minutes in the steam room opens pores, increases sweating, stimulates circulation, and eliminates toxins.

## STEAM COLUMN

## STELLA

Build your own at home steam bath with this modern steam column of true Scandinavian design. The black glass front and the chrome coloured details makes it easy to fit in any tiled shower space.

The enveloping steam starts in 2 minutes and soon you have a full, warm steam bath. You control your steam column with the advanced Elite Cloud control panel that blends in perfectly with the black Stella front. The glass front is wider than the column, to give it a floating, nice look. Behind the glass are the LED lists.

The hand shower, thermostat and mixer are of high quality and luxury material. The steam outlet is very silent.

Like the Vista, it has a fragrance compartment to enjoy the fragrance therapy of your choice. A ceiling shower head can be connected and controlled from the column.

To match the black, sleek look you can add the matching stool and shelf in black aluminium.

## STEAM ROOMS

Vista with the add-on RGB colour.

## VISTA

A sleek looking steam shower enclosure that symbolizes Scandinavian design. Vista has matt black, minimalistic profiles that can be with or without threshold, to give your bathroom that modern and luxurious look.

The glass walls are smoky grey for an extra graphic effect. The Vista enclosure comes with the Stella steam column in the same beautiful black.

The enveloping steam starts in 2 minutes and soon you have a full, warm steam bath.

Vista has a rain
shower head in the
ceiling and a high
quality hand shower
on the column for
your preference.

ADVANCED CONTROL PANEL

You control your Vista steam shower with the advanced Elite Cloud control panel that blends perfectly into the black Stella column.

ENJOY THE FRAGRANCE THERAPY

The steam outlet is very silent and has a fragrance compartment on top so that you can enjoy the fragrance therapy of your choice. This steam shower enclosure comes in two sizes (1300  $\times$  900  $\times$  2130 mm and 1600  $\times$  900  $\times$  2130 mm). You can choose if you want it with a left glass corner or a right, seen from the front. You need two walls and a floor to install the Vista properly.

Vista with the add-on RGB colour.

As an option to make it more personal, you can add the RGB lights that are placed in the back wall and has a declining gradient that meets the lights coming from the steam column. For additional lights in the ceiling, spotlights are sold separately.

#### ACCESSORIZE!

For the Vista experience, add the matching accessories; stools and shelf in matt black aluminum. Or, if you prefer, you can also choose the white Corian stools.

#### PIXEL STOOL

This stool can be used both inside your Vista steam enclosure or as a nice-looking stool in your bathroom. It is made of aluminium and in a softly bended shape, so it is comfortable to sit on. The smooth surface is covered in a beautiful matt black powder coating to match the profiles on the Vista.

Size: 380 x 330 x 427 mm (WxDxH).

#### PIXEL SHELF

A small shelf for your shower products or just as a nice decoration. It has the same matt black colour as the profiles on the Vista steam shower enclosure. Even if it is a slim model with its 400 mm in length and 90 mm in depth it can hold up to two kilos. The pattern of the pixels is cut so the water doesn't stay on the shelf.

#### STOOL CORIAN

These stools in two different sizes are comfortable, light and modern.

Size: 660 x 320 x 450 mm (WxDxH). Size: 350 x 320 x 420 mm (WxDxH).

## CUSTOMISED STEAM ROOM

#### 4 GOOD THINGS TO KNOW WHEN BUILDING A STEAM ROOM:

1 Make sure your generator is powerful enough for the size of your steam room. Your Tylö steam room is not a steam room without our efficient steam generators. Smart versions for both home and commercial use are available. Room volume (m³) x K1 x K2 = required power (kW)

#### Constants:

- •Ventilated room K1 = 0.75
- •Acrylic room K2 = 1
- •Tiles on insulating concrete K2 = 1,50

- •Non ventilated K1 = 0.52
- •Tiles on board or hard foam K2 = 1,25
- •Heavy wall of concrete or tiles K2 = 2
- **Plan your steam room with proper drainage as a top priority.** The steam generator will be emptied of water and flushed frequently so make sure it is placed in the immediate vicinity of a drain. For generators installed for commercial use, the optional automatic drain function is required.
- **3** Test the hardness of your mains water to predetermine the frequency of maintenance.
- **4** Most of the limescale build-up in the steam generator is removed during the automatic flush sequence, but some deposits always remain. In commercial use, it is therefore usually necessary to manually descale and clean tank walls and heating elements from time to time. In commercial settings, the generator must be flushed at least daily.

#### IT'S NOT JUST STEAM

Our new steam generators set a new industry standard with their innovative solutions based on decades of experience.

#### WE MAKE SURE EVERYTHING **OPERATES SMOOTHLY**

To ensure proper steam generation, it is important to analyse the water in your area. The quality of the water has a major bearing on both the function and service life of your steam generator.

Contact your local Tylö dealer to determine the water quality before ordering your steam generator system. Sometimes your local water company may be able to provide the information you need.

#### A scent for the mood

#### ADD A FRAGRANCE FOR AN **ELEVATED EXPERIENCE**

With aromatic essences, you can multiply both the pleasure and the health benefits of your next steam session.

Peppermint and citrus are energizing scents that quickly lifts your spirits. They are great for your morning steam session, and are known for being a good remedy for dull skin.

Eucalyptus has a very fresh aromatic, mint-like scent. The essential oil eucalyptus is said to have great effect on colds and headaches.

Lavender is a scent that many of us associate with the ultimate relaxation. In fact, the scent of Lavender has measurable effects on stress-related symptoms such as anxiety and insomnia.
